

PRICING BULLETIN

July 13, 2022

Dear Marlite Customers,

Cost increases continue to permeate every key component of manufacturing Fiberglass Reinforced Plastic (FRP) Panels – namely, raw materials (specifically fiberglass and resin), energy, transportation, and operating costs.

Therefore, Marlite is adjusting prices on the following products:

- | | |
|-------------------------|------|
| • Standard FRP Panels | 5½ % |
| • Artizan™ FRP Panels | 5½ % |
| • Induro™ FRP Panels | 5½ % |
| • Symmetrix™ FRP Panels | 5½ % |

The new prices are effective on Monday August 8, 2022. Existing prices are effective on all orders of typical volume placed on or before Friday August 5, 2022, and shipped within normal lead times.

We certainly hope this inflationary period begins to wane, and the economy stabilizes. We thank you for your business and hope the summer months are treating you well.

Sincerely,

Greg Triplett
Vice President – Sales & Marketing
